A painfully plain read

By Egon

This book is incredibly informational. However, it doesn't explain any reasoning for why immigrants from Asia wanted to leave their home country for America. Leaving the gnawing questions of why they would even want to be treated like garbage. I guess that not the point, but it was frustrating. Plus, add some friggin' pictures, diagrams, SOMETHING. Normally I don't have this complaint, but 10-20 pages of nothing but tiny text is mind-numbing and ruins my learning experience. At least pictures of the famous figures they constantly would mention just so I could recognize them if I had to.
