A STORM IN THE DESERT: DRAGONLINKED CHRONICLES VOUME 3 BY ADOLFO GARZA JR. PDF

Getting the Dragon Craft Guild approved was a long, hard road, but with that out of the way, life has returned to normal. Well, at least what could be considered normal for dragonlinked. Things get a little interesting when the unknown dragonlinked arrives, bold as brass, with an enormous dragon. The tales she brings of unrest in the Corpus Order are worrying, but with so much on their plates, most of the dragonlinked don't think they have time to address her concerns.

When a manis tries to kill Anaya, however, all illusions of normalcy are shattered. If she isn't safe, even in Caer Baronel, then none of them are. Not while those fanatics exist. The Corpus Order will have to be dealt with after all, and sooner, rather than later.

But there is deep hatred rotting away inside the Order, and powerful factions, each willing to do anything to advance their own interests. The entire Dragon Craft Guild will have to work together, with some old friends and new, if they want to stop the senseless prejudice and enmity that threatens all their lives.

In *A STORM IN THE DESERT*, sequel to *THE BOND*, author Adolfo Garza Jr. takes readers back to the world of Lethera, where magic and a nascent Industrial Revolution are the backdrop for tales about dragons and the brave souls who are their bond-mates, the dragonlinked.

Note: Dragonlinked Chronicles is a young-adult fantasy series that is lgbt-friendly.

HOPE THERE IS MORE

By Ledger

When I read LGBT about the first book which was free. I will admit I was a little apprehensive. Just because I am not a fan of graphic sex of any kind. I will stop reading and and discard the book. But the heart felt moments we're handled with grace and enabled you to see the moment of love for what it was. Now on to the rest. I loved the stories. Magic , dragons ,action. I literally had to keep reading and will honestly say I NEVER BUY BOOKS. When there are so many free books. But congratulations, excellent story telling. I bought the next 2 books and they are kept in favourites to read again. I hope there will be more books in the future.

I wish some of these authors would write one big book instead of having to wait around for the next "installment" of the story...I've always loved reading and honestly don't remember so many authors writing several books to get through what really should be one...I know Harry Potter was a big thing, but not every story is meant to go on and at least her books were full length novels rather than just barely one....I've been doing a lot of reading these days because I have extra time on my hands, so I guess this must be the new trend in writing....I'm eagerly and impatiently waiting for the next piece of these story...

Very good read

By Debi

This is the third book in the series, i have really enjoyed reading them. The way the characters end up with their loved ones is unusual. A lot of them are gay, i like the way the author was not intimidated to pair them up this way. Of course not all of them are gay, but enough to let you know the author knew what he was writing about. I myself am not gay but have friends and loved ones who are, its nice to see the author felt that all types of people exist and that just added to the story line. I will be looking for more from this author. I recommend this series to anyone who likes dragons and magic.
