BARCA: THE MAKING OF THE GREATEST TEAM IN THE WORLD BY GRAHAM HUNTER PDF

Barcelona is the greatest football team in the world, the greatest for a generation, and possibly the greatest of all time. This is the untold inside story of how the best and most loved football team in the world came to redefine how the game is played. We start with the 2011 Champions League final at Wembley, the game that ended the debate about whether Barcelona was the greatest team in the world and began a new one: are they the best ever? We are inside the winning dressing room and inside the mind of the team's coach, Pep Guardiola.

From there, the focus is on each of the iconic personalities of this team, telling its story through them, from its genesis in the late 1980s to their coronation in London: Guardiola; his mentor, Johan Cruyff; Xavi; Andres Iniesta and Lionel Messi, perhaps the greatest footballer of all time.

Good if you already know the team

By One touch

If you are into European professional football, there's no way you could be unaware of the miracle that is the Barcelona team for the past 5 years or so. This book is a fascinating glimpse into the people and the system behind that miracle. The best parts are the mini-biographies of the key players and Pep Guardiola. The historical power and money struggles of the team management are less interesting but informative. The book is clearly written for the well-informed Barca follower who already know the team's style of play and its players. The writing is a bit scattered and sometimes repetitive, but at its best it manages to vividly capture the behind-the-scenes feel and humanity of the best team in world football, and leaves you with a much better understanding of why they have been so successful.

The BEST Barca book EVER!!!

By Cai Ding

If you are a Barca fan, or you want to know what perfect football is, buy this book.

Graham Hunter specifically detailed every necessary character, every math, every policy the managers made. I have been addicted reading this book and have been unable to get rid of it. I'm a Barca fan since 2007, they are really good.

Just last night, having read three chapters in this book, i intuitively watched the Champions league 2011, in which Barca 3:1 Manchester United, I cant remember how many times I have watch the recording video, but that one was the most impressive one, having what Graham Hunter written in his book, and you watch the game, it's completely different.

STRONGLY RECOMMENDED TO BARCA FANS AND FOOTBALL PROFESSIONALS.

Mes Que Un Libro - More than a book :-)

By Dion F. Lisle

Yes, Barca is about my my favorite team EVER! But like FC Barcelona, this book is so much more. Graham is virtually an insider for La Liga and FCB is no exception for his amazing insights. I can say honestly you don't need to be a big soccer fan or FC Barca fan to love the inner workings of one of the greatest clubs ever. The stories of how Pep G, Messi, Puyol, Iniesta and others created a winning machine are great. Within these football insights rests some life lessons and even business lessons. Honor, integrity and building success from the ground up are lessons anyone can use. I can say I have started to consider these lessons within my own life and business dealings.

The juxtaposition of FCB's darkest days to its' brightest are riveting reading for the casual or even non-fan of the sport or this team. As with most great stories it is about the people involved and these people are fascinating. The times when the club appeared to be hitting on all cylinders, had behind the scenes activities working against the club are fascinating. Sadly the positive to negative shift for a FCB great, Ronaldinho are illuminating as to what really matters.

FC Barcelona's expression of Mes Que Un Club - More than a Club is shown to be more than a marketing slogan. The club didn't do everything right to be certain but even their missteps show valuable lessons in how to stay true to your heart. The ebb and flow of this great team's most recent decade really can show others how to focus on the important matters.
