Endorsement of *Christian Thought and Practice: A Primer*

by Natalie Kertes Weaver

for Anselm Academic

"Imagine an introductory college text on religious studies in Christianity that is amazingly readable both for Christians of all denominations and for those who simply want to know more about Christianity but do not want to be 'talked down to.' From the outset, the author of this brilliant little book (just 200 pages) demonstrates herself to be an experienced teacher of students from a range of religious and not-so-religious backgrounds. Natalie Weaver has listened carefully to her students and has struggled along with them to understand what Christianity is all about.

"Enhancing each chapter are down-to-earth examples from everyday life, as well as handy summary charts, maps, and lists of significant events, names, and dates. Each chapter concludes with a list of key terms and current resources for further study.

"This brilliant synthesis provides an important, accurate, and compact review of Christianity--its foundations, history, doctrinal expressions, diversity, prayer, and social outreach, along with its relationship to non-Christian religions and to the world of science and politics. As a professor of graduate students in theology, I will not hesitate to direct my students to this text.

"Natalie Weaver has done all of us who struggle to know and to teach the faith and practice of Christianity a remarkable service. Her book is balanced and learned, while at the same time, providing a timely and eminently accessible analysis so needed in an increasingly global context."
