Amazing and very sweet

By Cassandra

This is a really great book for any Steven Universe fan. It has new knowledge on things, especially fusions. The book is narrated by Steven himself (besides for the fusion section, which is narrated by Garnet). It tells facts about each character, each fusion, and has snapshots of memorable moments that happened throughout the show.

Some facts about the book itself:

- It has 90 pages
- It's 8 3/4 inches tall, 6 3/4 inches wide, and 1/2 inch deep
- It has a note from Rebecca Sugar in it (pictured)
- It has 2 blank pages (1 in the front, 1 in the back)

- Each character has a different font and color, so it's easy to tell who's talking
- Thick pages

I've had this book since it first released and I feel as though it's very sturdy, too. Definitely made for children. I think this is a book that's good for any Steven Universe fan, and I highly recommend it.

It's so great! My friend had a baby recently and I'm waiting for her to get older so I can get her into the show and read the books to her. I think it'll be perfect for her because she'll see that she's not the only one with more than one mommy and it'll make her happy.
