INDIGO ROAD BY RJ JONES PDF

Two best friends take a year off to find themselves... and end up finding each other.

Joshua Simpson has just finished four years at Purdue University, but that's not why he's buzzing with excitement. Once they've said goodbye to their families, Josh and his best friend Alex are taking off to discover America in an old but reliable VW van, planning on not seeing snow for an entire year.

Josh has always considered himself straight—except for that one time in college—so when he and Alex are living in such close proximity on the road, he's unsure what these new feelings mean. Is it because they're spending 24/7 together, or is it something deeper? And does it really matter since Josh has only ever seen Alex with women?

While in Oregon, Josh meets Johnno, a sexy but confusing Aussie surfer. While having an impromptu surfing lesson, Johnno helps Josh realize who he is and what he wants—but Alex's reaction leaves Josh confused.

From a Montana ranch to the bright lights and dangerous streets of Los Angeles to a dark and lonely deserted highway in Alabama, join Josh and Alex as they drive around the US, discovering not only who they are, but who they can be together.

What a joy to read the story of two young guys coming into their own...

By Amazon customer

Indigo Road is the story of newly graduated best friends Josh and Alex as they embark on a road trip, their goal to avoid snow for an entire year while making their way across the US. What they discover is so much more.

What a joy to read the story of two young guys coming into their own, bonding as they put their lives in perspective while experiencing new adventures. I also loved the brief but pivotal appearance of Aussie surfer, Johnno. (I could hear his accent with every word he spoke).

Highly recommended.

A fun, emotionally-investing read

By QUEERcentric Books

4.5 stars

Indigo Road by RJ Jones was so emotionally satisfying I couldn't help but sigh as I finished. Josh and Alex were amazing to hang out with for a bit and I was sad when it was over.

After working hard for four years to get their degrees, Josh and Alex, BFFs since junior high, have big plans for a road trip.

They've saved their money for years so that they can take a year off and travel around the country.

AN AMAZING COMING-OF-AGE STORY.

This was an amazing coming-of-age story. Leaving home, they are simply best friends but as the miles pass things begin to change between them.

RJ did such a great job making the progression of their relationship seem natural and not like it was forced.

I would have loved to have gotten Alex's POV throughout the book but it still worked as a first person. Josh is a likable and relatable narrator. It's easy to empathize with him as he was struggling to figure out his sexuality. Speaking of which, that was my only complaint with this book: the bi erasure.

We know that both boys only ever dated girls before they got together, and while Josh contemplated being bisexual at certain points, they both settle on being gay and never mention bisexuality out loud.

I felt, Alex especially could have easily identified as bi. Unlike Josh, Alex had multiple committed relationships with women in college, and he seemed to more easily accept the change in sexual orientation than Josh. That's just me nitpicking.

THE EVOLUTION OF INTIMACY

The evolution of intimacy between Josh and Alex was one of my favorite things. Going from barely holding hands to some of the things they were getting up to in the end was a lot of fun to watch develop.

I found myself chuckling out loud at how oblivious Josh was in the beginning of the book. When that inability to see what was right in front of him morphed into fears of inadequacies and insecurities about their relationship, I really felt for Josh.

It was easy to see that sometimes they were both still so young but they handled their issues like adults.

I definitely think being stuck together in that indigo colored van for a year helped build their relationship. When things got tough or awkward they couldn't just walk away and that made them stronger.

A FUN, EMOTIONALLY-INVESTING READ

Indigo Road was a fun, emotionally-investing read. RJ did a fantastic job fleshing out Josh and Alex. I would recommend this one to anyone who loves new adult books, road trips, or friends who fall in love.

Review of "Indigo Road"

By Babs

This is a wonderful story of two newly graduated college students who take a year long road trip after school. In their old, but in good shape van, they take off. Best straight friends in their Indigo van. Life is exciting and fun along the way. Their adventures and misadventures involve romance, hot sex, love, angst, danger, light BDMS, deep loyalty and bravery. The author has taken all of these elements and woven a truly interesting story that will have you trying to read it straight through (with a lot of snacks) to the end. You will fall in love with Josh and Alex and hate to say goodbye when you reach the end of the story. There is a fulfilling HEA. You can't go wrong with the book.
