Learn to draw/Ptxar Cars

By Veriko

I liked this little book. Very nice for little ones. My son is 4 and he liked it a lot too. The print and colors are excellent. I can recommend it for everyone :)

Not as expected

By P. Keeley

When I ordered the learn to draw book I thought it would have a lot more pages and more detail. They weren't kidding when the description said that you should provide paper and pencil. There is no place in the book to practice. My grandson still liked it and immediately tried his hand at "art". I ordered the book to spur his exploration of drawing so that his gaming was not front and center to a 7 year old. So the book did accomplish what I set out to, it just was not as expansive as I had thought.
