I bought this book because it was recommended by Luis Mandoki (Alfonso Cuarón was his Assistant Director when he started his path). I hadn't seen an Eisenstein film when I bought this book and was really surprised by the great lessons that this book have. They're basically the notes that one of his students (the author of this book, Nizhny) got from his classes. Apparently, Eisenstein took very seriously the courses he gave. It's the best book I've read on film direction.
