Not for Digital Photography as Advertised

By A Customer

I bought this book because as the title suggests is also for Digital Photography...but well...that is just pure marketing...It just have ONE page (pg.83) in reference to digital cameras.

I am very disappointed...wish I can return this book...

5 of 10 people found the following review helpful.

Everyone needs light

By A Customer

This book helped me to understand how to do the lighting for my photos. I have started using my digital camera recently and this book has helped me to understand how to work with the light in a...a practical way.

My photography has improved after reading this book.
