# TAKEN BY CHANCE (LAGUNA TIDES BOOK 1) BY ERICA CAMERON, LANI WOODLAND PDF

A single chance encounter can change your life...

Despite being the son of Hollywood's hottest director, Dare Andrews has managed to steer clear of the paparazzi for seventeen years. But when his ex-girlfriend sells a tell-all interview to the tabloids, he's suddenly hounded by fans and reporters alike. Dare is getting cynical fast, so he's unprepared to meet a glass-half-full girl like Chance. And unprepared for the consequences after he helps her save face. Pretending to be the new guy in her life was easy enough when she was being dumped by her boyfriend, but the lie backfires.

What started as a random act of chivalry becomes something deeper as Dare and Chance find themselves trapped in their charade. The problem is that the more Dare gets to know Chance, the less fake their relationship feels. But secrets they both keep threaten their future, and with new storm overhead, will Chance's lessons in optimism be enough to help Dare find the silver lining??

Loved!!!

By Shamy

I gobbled this book up so fast I loved it SO much!!!! I love all of Lani Woodland's work. She is the master at hooking a reader, sucking you in, and keeping you thinking about her characters for days. I'm in love with Chance and Dare—they're so real to me and I cared about them and was rooting for them throughout the whole story. Tension was always there. Pacing was great. This story is one where you forget that you're reading and you just want to stay wrapped up in this world. Loved all of the side characters too. Loved the humor—found myself grinning and laughing out loud, but also filled with heartache in the parts that broke my heart. Thoroughly enjoyed this!!!

Take a chance on this book!

By Kindle Customer

I really enjoyed this book. It had a Cinderella feel to it that I really enjoyed. The characters were deep with strengths and weakness that made them endearing to the reader. It was a light read with just the right amount of plot and romance. Very much enjoyed this book!

Once Upon a Twilight.com Reviews

By Once Upon a Twilight

This book had a such a cute story that could leave you with the impression that it could be a successful pre-teen movie. I had a smile plastered on my face during the majority of this book. Not to say it doesn't have its heavy, trying pieces.

Dare Andrews, the son of a highly successful Hollywood director who was sold out to his limelight hungry ex-girlfriend, stumbles upon Chance, unbelievably optimistic girl with lots more blurry corners than anyone could imagine at an airport. Dare was there to pick up his mother and sister, as they were making the move from Miami to California, and Chance was there to meet her boyfriend of three years only to find he had broken up with her over e-mail. Dare swoops in to make sure Chance doesn't get the humiliation of a lifetime - and so begins a wonderfully deceiving relationship.

See, Dare needs someone to make him look good since his ex sold lies to the tabloids and Chance feels the need to repay Dare for his kind act of swooping in and preventing a lifetime of embarrassment. So they agree to "fake date." Then only to find out they will be attending the same school. Eventually the lines between friendship and "fake relationship" blur and they're being a couple even when no body's watching.

Both of these characters are extremely likable. Dare has a compassionate and caring attitude while Chance is extremely generous and independent. Apart from that, I didn't find anything to make them extraordinary. Also, the development of other characters seemed to take too long for me. I was able to find out almost everything about Dare within the first few chapters, but as far as his sister's secrets go, it took a while; same for Chance. The blurry parts of their lives were kept quite blurry for a while. Also, toward the last third of the book, there was a twist that just really reminded me of the end of "The Beginning of Everything" by Robyn Schneider.

At the end, though, it was a fun book with an interesting plot and likable characters. A fun read, for sure. - Bianca B.
