Beginning with visiting this site, you have attempted to begin nurturing reviewing a publication The Baffle Book: Fifteen Fiendishly Challenging Detective Puzzles By Lassiter Wren, Randle McKay This is specialized site that offer hundreds compilations of books The Baffle Book: Fifteen Fiendishly Challenging Detective Puzzles By Lassiter Wren, Randle McKay from great deals sources. So, you will not be tired anymore to select guide. Besides, if you additionally have no time to search the book The Baffle Book: Fifteen Fiendishly Challenging Detective Puzzles By Lassiter Wren, Randle McKay, just rest when you're in office and also open up the browser. You could discover this [The Baffle Book: Fifteen Fiendishly Challenging Detective Puzzles By Lassiter Wren, Randle McKay](#) lodge this site by linking to the net.

THE BAFFLE BOOK: FIFTEEN FIENDISHLY CHALLENGING DETECTIVE PUZZLES BY LASSITER WREN, RANDLE MCKAY PDF

If you revel in the sport of armchair criminal investigation, The Baffle Book is just your cup of poisoned orange pekoe. Here are fifteen old-fashioned but wonderfully challenging "detective puzzles," the unraveling of which requires you to develop your latent powers of observation and deduction "those qualities of mind," the authors argue, "which make the solution of the most inscrutable mysteries a veritable pleasure."

In words, charts, and diagrams, Messrs. Wren and McKay put you at the crime scene and present you with the facts established by the police. What do you observe? Which are the telltale clues? What do you deduce? And how will you answer the questions posed at the end of each problem: "Who stole the emerald?" "Where did the gang plan to meet?" "In what city had the amnesia victim once worked?" Each question is scored to a degree of difficulty, with a perfect score of ten points per puzzle. And if you find you are stumped, you can turn to the back of the book, where the answers are printed (but upside-down, to deter you from giving up too easily). Don't cheat: you'll only spoil the fun.

In such puzzle-stories as "The Evidence on the Japanned Box," "The Toledo Death Threat," and "The Huppheimer Museum Robbery," Wren and McKay sparked a craze for "ten-minute mysteries" that spread through the American pulp-detective magazines of the late 1920s. These are the granddaddies and perhaps the most perfect examples of this venerable puzzle genre.

Interesting but.....

By Carol Collins

Although the author promised no "red herrings," there were several places where you needed some specialized knowledge in order to solve the puzzle. For example, one case requires you to know tire treads. The cases are also largely from England and the book was first published in the early 1900s. Knowing all this, I probably would not have purchased it.

I gave the book to a police detective and have not heard anything of his success in solving the cases. On the other hand, he has not arrested me for wasting his time.

7 of 7 people found the following review helpful.

whodunit

By James Guilford

I have enjoyed this old time detective book. It makes you think in the non-computer world style that allows for more interesting storylines. The stories are very different from the five-minute series being a little more difficult, but more satisfying when they are solved.

Baffle Book Too Obscure

By Fred Glienna

Times have changed so much since this charming book was written, that its puzzles defy solution, at least by me.
