# THE CEO'S ACCIDENTAL BRIDE BY BARBARA DUNLOP PDF

There was no way multimillionaire Zach Harper would split his inheritance with a stranger. Even if she was his wife. What had supposedly been a prank Vegas wedding to Kaitlin Saville was very real. And now, according to his late grandmother's will, Zach's future was tied to Kaitlin...forever.

The CEO truly believed he could buy off his bride with a few million and a signed divorce decree. However, Kaitlin didn't want money. She wanted an opportunity only Zach could provide. So he offered her a job, vowing never to consummate their marriage. But some vows were meant to be broken....

Very Pleasant Read

By Eliza Callahan

Enjoyed this book. Both the hero and heroine had best friends that were funny and added to the story without taking away from the main characters. Funny dialogue and no horrible, awful, bitter fighting with stupid childish misunderstandings.

The CEO's Accidental Bride

By mnix

Kaitlin Saville is being forced to leave the only real home she has had since before starting college. As an orphan with no family she had been uprooted a lot in her life. She would just like to have a sense of history, of belonging somewhere, and she thought she had that in her apartment in New York. She had learned from her childhood that if she was very good people wouldn't give her away. So losing her job and her apartment makes her feel like she is being given away once again. She needs to prove herself as being good at something so that someone will keep her.

Zach Harper, the CEO of the company that inadvertently caused Kaitlin to be fired is informing her that their marriage is legally binding. The fake marriage ceremony that they had participated in Las Vegas didn't stay in Las Vegas. He needs her to sign the divorce papers and he will make it worth her while. Kaitlin seeing an opportunity to rebuild her architectural reputation blackmails him into giving her a job. Zach and Kaitlin agree that this won't be a real marriage, but one of convenience until they both get what they want. Who will be able to outmaneuver, outlast, and outplay the other to be the last one standing? Let the games begin.

The CEO's Accidental Bride is a lively, absorbing tale with a manipulative hero who meets his match in a sassy heroine. I enjoyed the chemistry between Zach and Kaitlin, the way they tried to one up the other; I also enjoyed the down to earth aspect of their personalities. These two flirted so well together that you were cheering for them to finally come together. I liked the way Zach ultimately changed Kaitlin's mind about the building, yes it was a bit manipulative. Zach opened himself up on another level and let Kaitlin see why she shouldn't change the building so dramatically. It was almost the only thing that would work on someone who placed so much value on heritage.

The CEO's Accidental Bride had the characters noticing and embracing their differences in each other. Both characters changed over the course of the book as well as growing to love one another. Kaitlin had been more selfish to begin with looking to prove herself to others so that they would keep her. Zach learned to compromise without giving up who he really is; perhaps even sacrificing a piece of his company too. The CEO's Accidental Bride actually made me a bit misty because of what Zach did for Kaitlin. I, for one, look forward to Ms. Dunlop's next romance

Just Ok, bit boring

By Coco Bean

This book had so much potential. Somewhere along the way it became tedious and boring. I forced myself to finish reading it, but I really didn't care about the ending one way or the other.

To be fair I don't usually enjoy when a big part of the story is based on getting revenge. This book was unique in that it was the h in the position/ having power to get revenge on the H.

I thought Katie was immature and selfish and Zach was no prize either.

The best friends of main characters.. start out as great supporting characters, they were funny and added to the story. BUT as the story continued I found them a distraction... I actually cared more about the supporting characters.

Just okay read. If you read, please let me know your thoughts.
