Powerful prayer book

By Morningstar

I have used this book for over 8 years now.I have given several copies of this book to a lot of people. This is not a book to read. It is a book that helps one pray the word of God in a consistent basis. It not only enables one to release the word of God into their lives but also enable them to render helpless and ineffective demonic works into their lives. I use this book on a daily basis declaring the promises of God over myself, my family, my church, etc.As I've used this consistently, God has released more prayer points to speak over

people I pray for. This book is a blessing!!!

Very good resource

By alisa felton

This book is a great resource for confessing God's word over your life. I like the way Mr. Scott differentiates between praying and confessing God' word on our lives.
