PREFACE

The Wisdom of Oz is not just a book about the power of personal accountability; it's a book about what's at the root of succeeding in everything you do. Simply put, when you unleash the power of personal accountability, it will empower you in life-altering ways. We're not talking fictional superhero-type powers but about a real, concrete power that enhances your ability to think, to withstand adversity, to generate confidence, and to increase your own natural emotional, mental, and intellectual strength to help you do what you need to do. We know this works because we've seen it in our own lives and witnessed it in the lives of countless others.

We first introduced this powerful accountability philosophy in our book *The Oz Principle*. Since then, millions have come to know us as "the Oz guys." Over the years we've helped leaders all over the world teach and apply the principles you're about to learn to those they work with, to generate billions of dollars of wealth—along with a host of even more important results. They got better results . . . a lot better results. And with those improvements they were able to dramatically impact their ability to deliver on their missions: such as bringing life-saving medications to market, improving education in community colleges, greatly surpassing charity fund-raising goals, and improving medical practices in battlefield hospitals.

You may not be looking to make any great changes in your life, but you may want to accomplish some great task—at least, a task that seems great to you. If this is the case, unleashing the power of personal accountability can be your best strategy. Our accountability philosophy is all about helping you accomplish

what you want or need to do. The Wisdom of Oz will show you how others have done it and how you can do it too.

At the heart of the message lies this one simple truth: You can't let your circumstances define who you are and what you do. That kind of thinking only brings a sense of victimization that paralyzes your ability to think clearly, creatively, and quickly. Instead, you have to take accountability in order to take charge of shaping your circumstances. Do this and good things, positive things, game-changing things will begin to happen.

Easy to say, maybe harder to do.

THE WISDOM OF OZ: USING PERSONAL ACCOUNTABILITY TO SUCCEED IN EVERYTHING YOU DO BY ROGER CONNORS, TOM SMITH PDF

Why does the story of Dorothy, the Scarecrow, the Tin Man, and the Cowardly Lion touch us? Like all great entertainment, their journey resonates. We see ourselves in the characters and likewise wish we possessed the power, the brains, the heart, and the courage to make our own dreams come true.

So what are your dreams? What do you want? Is it a promotion? Improving a relationship? Rescuing a child? Finding a new job? Saving a marriage? Getting a degree? Finding the love of your life? Making a difference in your community? This book will help you get whatever you consider worthwhile in life.

Simply put, when you unleash the power of personal accountability it will energize you in lifealtering ways, giving you a concrete boost that enhances your ability to think, to withstand adversity, to generate confidence, and to increase your own natural emotional, mental, and intellectual strength. Roger Connors and Tom Smith know this because they've seen it work in their own lives and witnessed it in the lives of some of the most successful and influential people in the world.

The authors first introduced this powerful accountability philosophy in the New York Times bestseller *The Oz Principle*. Since then, millions have come to know them as “The Oz Guys” and they have gone on to help leaders all over the world teach and apply the principles you’re about to learn. Principles that have generated billions of dollars of wealth—along with a host of even more important results. Devotees of *The Oz Principle* have brought lifesaving medications to market, created better education in community colleges, greatly surpassed charity fund-raising goals, and improved medical practices in battlefield hospitals.

In *The Wisdom of Oz*, Connors and Smith present the practical and powerful principles of personal accountability in simple, down-to-earth terms that you can apply in your homes, schools, communities, churches, and volunteer groups. The book will help you strengthen family relationships, improve friendships, motivate children, increase value on the job, improve health and financial well-being, or achieve whatever it is you most desire.

Drawing on engaging stories about those who have overcome great odds—including South African president Nelson Mandela, Polish WWII hero Irena Sendler, and everyday men and women—Connors and Smith demonstrate that by taking personal ownership of your goals and accepting responsibility for your performance, you also take control of your success.

You will read stories about people just like you who learned to beat their struggles, like the New York area fisherman who fell off his lobster boat and was adrift at sea for twelve hours in the chilly Atlantic . . . but survived. You will learn the traits that allowed a college senior who landed flat on her face in a 600-meter

race to jump up and win. Or a thirteen-year-old soccer player who moved from the bench to the starting lineup.

You will discover that while no one will ever wave a wizard's wand and magically solve all your problems, there is a way to experience the near magical impact of personal accountability.

Not much there

By Jeff Jolly

Maybe it is because of where I am at in my life but it seemed like the whole book was spent trying to convince you to take responsibility for your feelings. But not much about after you have done that.

0 of 0 people found the following review helpful.

Great book on self accountability. Well worth the read

By Joshua Hagan

This is a great book about self accountability and not allowing circumstance or people keep you from moving forward. By and large your future depends on you, this book helps you keep that focus when others may choose to go "below the line." Being below the line is okay, it's just not okay to stay there.

I plan to read this again soon.
