VAN VON HUNTER #1 BY MIKE SCHWARK, RON KAULFERSCH. PDF

The forces of evil have come back to rip peace from the twice-peaceful Kingdom of Dikay! The land's only hope lies in the one man, who many years ago vanquished the evil tyranny: Van Von Hunter, Hunter of Evil... Stuff! Together with his loyal memory-challenged sidekick, he faces off against the deposed, former ruler of Dikay, who has come back to reclaim his throne!

A PYTHON-ESQUE MANGA ADVENTURE

By Tim Janson

Mix a little Monty Python with a splash of Van Helsing and do it all in Manga style and you get an uproariously funny new book from TokyoPop. It was some 10,000 years ago...or maybe it was just three, that the Kingdom of Dikay was overrun by the demonic forces of evil until a champion arose to vanquish them and bring peace to the land. Now, the great champion, the hunter of evil, Van Von Hunter is ready to do battle again against the "evil one" and recruits an old comrade, his next door neighbor... "what's her name?" Well, no matter, fighting evil is her birthright even if she can't remember who she is.

Evil is afoot as the Dark Prince returns to the Land of Dikay, intent on retrieving an evil artifact and reclaiming his throne...if he can only remember where to find it. He's joined by what looks like Elsie the Cow on steroids and a decayed little jester who promises the Prince he can show him how to unleash darkness on the world. Van and...what is her name...are off on their quest as well because it says to do in the "Manual of Exposition." But before Van can retrieve the artifact he has to face the "trials of the sandwich" and that is one nasty piece of deli fare that he has to eat and has been putrefying since it was forged a thousand years ago. Van cleverly diverts the priests who guard the sandwich and hides it behind his back and the Priests now deem him worthy. Of course they neglected to tell him the artifact had been stolen centuries ago. And so Van and his comrade, ummm, well her, continue their journey onward, on a collision course with the Prince of Dikay and his forces which include a only a small band of peasants but hey...they're disgruntled peasants.

Van Von Hunter was one of the funniest, most entertaining books I've read in a long time. Filled with bad jokes, worse puns, and riotous slapstick, not everything always works but there's so much that you can't help but laugh out loud over and over again. It's not easy to do great comedy in a graphic format and this one succeeds on all counts Mike Schwark and Ron Kaulfersch, winners of TokyoPops Rising Stars of Manga, have fashioned a Mel Brooks-style Manga adventure with a great script and outstanding artwork. The note

pages on each character in the back of the book are amusing as well. What a fun book this was to read. I'm anxiously awaiting the second volume.

A hysterical read!

By Mysterious Person

Ever wondered what would happen if you got amnesia, you used to destroy evil, and the eccentric guy from next door wants you to come join him again... three years later? Well, honestly, probably no one in their right mind has wondered that. But that's what heppened to... well lets just say the sidekick!

Now she is helping Van Von Hunter (if that IS his real name) once again destroy the evil forces of yet another eccentric character. Nothing in the world could possibly make up for his stupidity and randomness. However, after attempting to take over the world who knows how many times, he must be stopped again!

Oh did we forget to mention there's a cute decaying little jester? A lunatic maid who cleans with a knife? And a butler with a monicle and eye patch? (As VVH would say, "He's the ULTIMATE butler!")

Excellent Teaching Tool

By L. Zelman

This book is a wonderful tooool for teaching vovabulary to reluctant readers. My students enjoy reading it and have been able to retain and use the vocabulary properly that is targeted in the book.
