This man is telling the TRUTH!

By Slythe

I am so refreshed reading this book. It describes in a candid manner the various torments awaiting those who reject Jesus. It also demonstrates the love that God has for every race on the earth. Rogelio is very detailed and descriptive when he tells about some of the 175 rooms that he saw in the "Tartaros" section of hell. Furthermore, there is scripture to describe everything he saw. I would recommend this book to anyone!!!! To read a sample of the book, visit [...]

INCREDIBLE BOOK!!!

By Stephanie

What an eye opening journey. In this book God reveals to Dr Mills so many shocking things about the Outer Darkness of Hell. Things that a lot of people probably would've never thought of before. All the unanswered questions that many have had on their minds were revealed in this book. Dr Mills encounters so many different sides of hell and finds out how each one is different and what each side is meant for. He also has encounters with many human souls, evil demonic spirits at work, as well as an encounter with Satan himself. After reading this book, I find myself knowing more than I ever thought I did before. The most amazing thing to me is the love God has for his children and how much He wants for each of us to turn to Him. This is definitely a book that I would highly recommend to everyone.

What a Great Book!!!

By Golf Hound

What a Great Book!!!! There is so much real and useful information. How lucky we are to have such a revelation from Jesus Christ. The biblical references confirm and support all of the events mentioned. You can read the other reviews for more of the books details. This book is not for children. Parents may want to read it first before sharing it with their kids. For those skeptics of these kinds of books, I would suggest that you please give this book a try. If you don't like it, then drop it off at any church or give it to a neighbor. Others may appreciate it if you don't. There are several such books like this on the market. You can go to [...] for a start. For those readers out there who believe we should only stick to the Bible as our main source, I would say, don't deprive yourselves of any method at God's disposal to reach the whole world. As a Born Again Christian, I find this book a real blessing and further proof of God's existence. Think of this book as a "Last Chance gas station" portraying His real desire to save everyone before it is too late. If I could give this

book 6 or 10 stars instead of five, I would.

You will want to read it again and again. There is too much here for one reading. This book should be required reading by every pastor/clergy of every denomination. Read it with an open mind and heart. God Bless everyone.
