The information in this book turned my life around.

By David Naylor

I became interested in Dr. Johnson's work 5 years ago. In 1993 I had thyroid surgery for a tumor and was placed on thyroid hormones. Even after all of that my health continued to worsen. I am a chiropractor and an acupuncturist and I felt I tried everything to help myself and had seen many physicians to get to the cause of my deteriorating health. Basically my life consisted of working, eating and staying in bed. I was not getting any help.

I was seeing similar problems with other family members and many of my patients. I learned about Dr. Johnson through one of our industry journals. I joined his Neurometabolic Super Group in 2009 and began learning the information and protocols in this book. I got the proper testing done and we began managing my health. Long story short I work full time now and I feel better and my lab tests prove I am healthier than I was when I was 35. I now use and teach these protocols to my patients on a daily basis. It is so satisfying to be healthy again and know that I have the ability to change the lives of my patients.

Dr. Johnson has changed the lives of thousands of patients he has never met by sharing this information. I am forever indebted to him.

David k. Naylor, DC, Dipl. Ac. (NCCAOM)

It is a must book to have when you want to learn more about thyroid

By John Duong

This book is easy to read. It covers and deals with all health aspects. For example, dental and EMF get to do with thyroid. it is not only about autoimmune, but also we have to address the infection and inflammation

that cause the body to be imbalance.

Thank Dr. Johnson for a great book.

Hyperthyroidism and nodules

By Jeanne

I was told about this book and Dr. Johnson by a health coach.

I am subclinical hyperthyroidism and have a benign nodule. No medication taken. The recommended tests provided in this book I found helpful .. I am searching for natural cures and Dr. Johnson has paved the way!

I gave 4 stars based on hyperthyroid and nodule information....I still want to know more.
